## A WORD FROM PIONEERS

**Simon Longden**

*Director of Pioneers Australia*

New countries. New ideas. New technologies. It's a fast changing world, and it demands a new generation of men and women who will step up to the task - people who remain committed to crossing new frontiers with creative strategies and fresh ideas!

This is what Pioneers is all about. It's our passion ... reaching people who have the least opportunity to hear of God's love. That is why we are excited to partner with Urban Grace Church & All Saints Petersham in sending Cameron & Lara Blair with Hannah, Rebekah, Zachariah, Nathanael, Lily, Malakai & Luke to Cambodia. Let me encourage you to personally participate in this strategic work ... write to them, support them financially, determine to keep informed about their work, and most importantly - pray for them. And may you know the blessing of God as you walk by faith each day.

# 250,000 CAMBODIAN STUDENTS NEED TO HEAR THE GOSPEL ON CAMPUS

Sadly, Cambodian students today don't have the same opportunities to hear about Jesus on campus. But with thousands of students at dozens of universities, there are great opportunities to reach the people of Cambodia. Lara and I want to use our student ministry experience to help young Cambodians hear about Jesus.

Gospel ministry to university students is important to Lara and I. Before getting married and while studying, we both came to know Jesus through campus Christian ministry.

Because of this experience and because those years after school are so crucial for making life's big decisions, I've spent more than a decade ministering amongst students studying art and design in Sydney. Many of these students now serve God's church as Bible study leaders, school teachers and chaplains, paid ministers and even as missionaries in Africa, Asia and the Middle East.

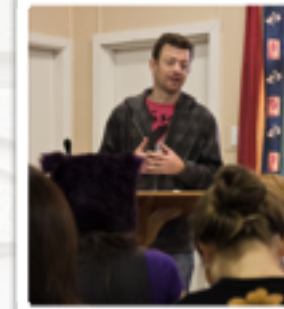

In the late 1970's Pol Pot took away the lives of millions, many of them Cambodia's university educated. Cambodia continues to suffer as a result of this time through corruption and poverty.

It is our hope and prayer that today's students will become the Christian leaders of tomorrow in Cambodia. For this to happen they need to know their Bibles well and to be able to integrate Christian theology into their lives. We're confident that reaching indigenous students is an effective strategy to reach Cambodia for the long-term. *Will you partner with us in reaching Cambodian students for Christ?*
